

Missouri Medicare Select

Missouri Medicare Select (HMO SNP)

2019 Comprehensive Formulary

List of Covered Drugs

**PLEASE READ: THIS DOCUMENT CONTAINS INFORMATION
ABOUT THE DRUGS WE COVER IN THIS PLAN**

HPMS Approved Formulary File Submission ID 00019486, Version Number 18

This formulary was updated on 12/01/2019. For more recent information or other questions, please contact us, Missouri Medicare Select (HMO SNP) Member Services, at (844) 228-7934 or, for TTY users, 711, 8 a.m. to 8 p.m., seven days a week (except Thanksgiving and Christmas) from October 1 through March 31, and Monday to Friday (except holidays) from April 1 through September 30, or visit MissouriMedicareSelect.com

2019 Part D Model Formulary (Comprehensive)

Note to existing members: This formulary has changed since last year. Please review this document to make sure that it still contains the drugs you take.

When this drug list (formulary) refers to “we,” “us”, or “our,” it means Missouri Medicare Select (HMO SNP). When it refers to “plan” or “our plan,” it means Missouri Medicare Select.

This document includes list of the drugs (formulary) for our plan which is current as of 12/01/2019. For an updated formulary, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You must generally use network pharmacies to use your prescription drug benefit. Benefits, formulary, pharmacy network, and/or copayments/coinsurance may change on January 1, 2020, and from time to time during the year.

What is the Missouri Medicare Select (HMO SNP) Formulary?

A formulary is a list of covered drugs selected by Missouri Medicare Select in consultation with a team of health care providers, which represents the prescription therapies believed to be a necessary part of a quality treatment program. Missouri Medicare Select will generally cover the drugs listed in our formulary as long as the drug is medically necessary, the prescription is filled at a Missouri Medicare Select network pharmacy, and other plan rules are followed. For more information on how to fill your prescriptions, please review your Evidence of Coverage.

Can the Formulary (drug list) change?

Generally, if you are taking a drug on our 2019 formulary that was covered at the beginning of the year, we will not discontinue or reduce coverage of the drug during the 2019 coverage year except when a new, less expensive generic drug becomes available, when new information about the safety or effectiveness of a drug is released, or the drug is removed from the market. (See bullets below for more information on changes that affect members currently taking the drug.) Other types of formulary changes, such as removing a drug from our formulary, will not affect members who are currently taking the drug. It will remain available at the same cost-sharing for those members taking it for the remainder of the coverage year. Below are changes to the drug list that will also affect members currently taking a drug:

- **New generic drugs.** We may immediately remove a brand name drug on our Drug List if we are replacing it with a new generic drug that will appear on the same or lower cost sharing tier and with the same or fewer restrictions. Also, when adding the new generic drug, we may decide to keep the brand name drug on our Drug List, but immediately move it to a different cost-sharing tier or add new restrictions. If you are currently taking that brand name drug, we may not tell you in advance before we make that change, but we will later provide you with information about the specific change(s) we have made.
 - If we make such a change, you or your prescriber can ask us to make an exception and continue to cover the brand name drug for you. The notice we provide you will also include information on the steps you may take to request an exception, and you can also find information in the section below entitled “How do I request an exception to the Missouri Medicare Select (HMO SNP)’s Formulary?”

2019 Part D Model Formulary (Comprehensive)

- **Drugs removed from the market.** If the Food and Drug Administration deems a drug on our formulary to be unsafe or the drug's manufacturer removes the drug from the market, we will immediately remove the drug from our formulary and provide notice to members who take the drug.
- **Other changes.** We may make other changes that affect members currently taking a drug. For instance, we may add a generic drug that is not new to market to replace a brand name drug currently on the formulary or add new restrictions to the brand name drug or move it to a different cost-sharing tier. Or we may make changes based on new clinical guidelines. If we remove drugs from our formulary, [or] add prior authorization, quantity limits and/or step therapy restrictions on a drug or move a drug to a higher cost-sharing tier, we must notify affected members of the change at least 30 days before the change becomes effective, or at the time the member requests a refill of the drug, at which time the member will receive a 30-day supply of the drug.

The enclosed formulary is current as of 12/01/2019. To get updated information about the drugs covered by Missouri Medicare Select, please contact us. Our contact information appears on the front and back cover pages. In the event that Missouri Medicare Select has CMS-approved non-maintenance changes to the formulary throughout the plan year (i.e. remove drugs from our formulary, add prior authorization, quantity limits and/or step therapy restrictions on a drug, or move a drug to a higher cost-sharing tier, Missouri Medicare Select will update our formulary and post it on our website.

How do I use the Formulary?

There are two ways to find your drug within the formulary:

Medical Condition

The formulary begins on page 8. The drugs in this formulary are grouped into categories depending on the type of medical conditions that they are used to treat. For example, drugs used to treat a heart condition are listed under the category, Cardiovascular Agents. If you know what your drug is used for, look for the category name in the list that begins on page 8. Then look under the category name for your drug.

Alphabetical Listing

If you are not sure what category to look under, you should look for your drug in the Index that begins on page 104. The Index provides an alphabetical list of all of the drugs included in this document. Both brand name drugs and generic drugs are listed in the Index. Look in the Index and find your drug. Next to your drug, you will see the page number where you can find coverage information. Turn to the page listed in the Index and find the name of your drug in the first column of the list.

What are generic drugs?

Missouri Medicare Select covers both brand name drugs and generic drugs. A generic drug is approved by the FDA as having the same active ingredient as the brand name drug. Generally, generic drugs cost less than brand name drugs.

Are there any restrictions on my coverage?

Some covered drugs may have additional requirements or limits on coverage. These requirements and limits may include:

- **Prior Authorization:** Missouri Medicare Select requires you [or your physician] to get prior authorization for certain drugs. This means that you will need to get approval from Missouri Medicare Select before you fill your prescriptions. If you don't get approval, Missouri Medicare Select may not cover the drug.
- **Quantity Limits:** For certain drugs, Missouri Medicare Select limits the amount of the drug that Missouri Medicare Select will cover. For example, Missouri Medicare Select provides 120 units per 30-day prescription of morphine sulfate 15mg er tablets. This may be in addition to a standard one-month or three-month supply.
- **Step Therapy:** In some cases, Missouri Medicare Select requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, Missouri Medicare Select may not cover Drug B unless you try Drug A first. If Drug A does not work for you, Missouri Medicare Select will then cover Drug B.

You can find out if your drug has any additional requirements or limits by looking in the formulary that begins on page 8. You can also get more information about the restrictions applied to specific covered drugs by visiting our Web site. We have posted on line a document that explain our prior authorization and step therapy restrictions. You may also ask us to send you a copy. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You can ask Missouri Medicare Select to make an exception to these restrictions or limits or for a list of other, similar drugs that may treat your health condition. See the section, "How do I request an exception to the Missouri Medicare Select's formulary?" on page 5 for information about how to request an exception.

What if my drug is not on the Formulary?

If your drug is not included in this formulary (list of covered drugs), you should first contact Member Services and ask if your drug is covered.

If you learn that Missouri Medicare Select does not cover your drug, you have two options:

- You can ask Member Services for a list of similar drugs that are covered by Missouri Medicare Select. When you receive the list, show it to your doctor and ask him or her to prescribe a similar drug that is covered by Missouri Medicare Select.
- You can ask Missouri Medicare Select to make an exception and cover your drug. See below for information about how to request an exception.

How do I request an exception to the Missouri Medicare Select (HMO SNP)'s Formulary?

You can ask Missouri Medicare Select to make an exception to our coverage rules. There are several types of exceptions that you can ask us to make.

- You can ask us to cover a drug even if it is not on our formulary. If approved, this drug will be covered at a pre-determined cost-sharing level, and you would not be able to ask us to provide the drug at a lower cost-sharing level.
- You can ask us to waive coverage restrictions or limits on your drug. For example, for certain drugs, Missouri Medicare Select limits the amount of the drug that we will cover. If your drug has a quantity limit, you can ask us to waive the limit and cover a greater amount.

Generally, Missouri Medicare Select will only approve your request for an exception if the alternative drugs included on the plan's formulary, [the lower cost-sharing drug] or additional utilization restrictions would not be as effective in treating your condition and/or would cause you to have adverse medical effects.

You should contact us to ask us for an initial coverage decision for a formulary. **When you request a formulary, you should submit a statement from your prescriber or physician supporting your request.** Generally, we must make our decision within 72 hours of getting your prescriber's supporting statement. You can request an expedited (fast) exception if you or your doctor believe that your health could be seriously harmed by waiting up to 72 hours for a decision. If your request to expedite is granted, we must give you a decision no later than 24 hours after we get a supporting statement from your doctor or other prescriber.

What do I do before I can talk to my doctor about changing my drugs or requesting an exception?

As a new or continuing member in our plan you may be taking drugs that are not on our formulary. Or, you may be taking a drug that is on our formulary but your ability to get it is limited. For example, you may need a prior authorization from us before you can fill your prescription. You should talk to your doctor to decide if you should switch to an appropriate drug that we cover or request a formulary exception so that we will cover the drug you take. While you talk to your doctor to determine the right course of action for you, we may cover your drug in certain cases during the first 90 days you are a member of our plan.

2019 Part D Model Formulary (Comprehensive)

For each of your drugs that is not on our formulary or if your ability to get your drugs is limited, we will cover a temporary 31-day supply. If your prescription is written for fewer days, we'll allow refills to provide up to a maximum 31-day supply of medication. After your first 31-day supply, we will not pay for these drugs, even if you have been a member of the plan less than 90 days.

If you are a resident of a long-term care facility and you need a drug that is not on our formulary or if your ability to get your drugs is limited, but you are past the first 90 days of membership in our plan, we will cover a 31-day emergency supply of that drug while you pursue a formulary exception.

We will provide a one-time 31-day transition supply per drug, which will cover a temporary supply if you have a change in your medications due to a level-of-care change. A level of care change may include:

- Entering or leaving a LTC facility
- Discharged from a hospital or home
- End a Medicare Part A skilled nursing facility stay
- Give up Hospice status and revert back to standard Medicare benefits
- End an LTC Facility stay and return to their home

For more information

For more detailed information about your Missouri Medicare Select prescription drug coverage, please review your Evidence of Coverage and other plan materials.

If you have questions about Missouri Medicare Select, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

If you have general questions about Medicare prescription drug coverage, please call Medicare at 1-800-MEDICARE (1-800-633-4227) 24 hours a day/7 days a week. TTY users should call 1-877-486-2048. Or, visit <http://www.medicare.gov>.

Missouri Medicare Select's Formulary

The formulary below provides coverage information about the drugs covered by Missouri Medicare Select. If you have trouble finding your drug in the list, turn to the Index that begins on page 104.

The first column of the chart lists the drug name. Brand name drugs are capitalized (e.g., VYVANSE 10MG CAP) and generic drugs are listed in lower-case italics (e.g., *atomoxetine 100mg cap*).

The information in the Requirements/Limits column tells you if Missouri Medicare Select has any special requirements for coverage of your drug.

- **Quantity Limits (QL):** For certain drugs, Missouri Medicare Select limits the amount of the drug that Missouri Medicare Select will cover. This could include a: per fill, daily, monthly or yearly limitation.
- **Limited Distribution (LD):** The symbol [LD] next to a drug name indicates that the drug has been noted as being restricted to certain pharmacies by the Food and Drug Administration. These drugs can only be obtained at specialty designated pharmacies able to appropriately handle the drugs.

2019 Part D Model Formulary (Comprehensive)

- Non-Extended Day Supply (NDS): You may be able to receive greater than 1-month supply of most of the drugs on your Formulary via mail order at a reduced cost share. Drugs noted with “NDS” are limited to 1-month supply for both Retail and Mail Order.
- Prior Authorization (PA): Missouri Medicare Select requires you [or your physician] to get prior authorization for certain drugs. This means that you will need to get approval from Missouri Medicare Select before you fill your prescriptions. If you don't get approval, Missouri Medicare Select may not cover the drug.
- Prior Authorization Restriction for Part B vs. Part D Determination (PA_BvD): This drug may be eligible for payment under Medicare Part B or Part D. You (or your physician) are required to get prior authorization from Missouri Medicare Select to determine that this drug is covered under Medicare Part D before you fill your prescription for the drug. Without prior approval, Missouri Medicare Select may not cover this drug.
- Prior Authorization Restriction for New Starts Only (PA_NSO): If this drug is new to a member, you (or your physician) are required to get prior authorization from Missouri Medicare Select before you fill your prescription for this drug. Without prior approval, Missouri Medicare Select will not cover this drug.
- Step Therapy (ST): In some cases, Missouri Medicare Select requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, Missouri Medicare Select may not cover Drug B unless you try Drug A first. If Drug A does not work for you, Missouri Medicare Select will then cover Drug B.
- Step Therapy for New Starts Only (ST_NSO): If this drug is new to the member, you are required to first try certain drugs to treat your medical condition before we will cover another drug for that condition.

Discrimination is Against the Law

Missouri Medicare Select complies with applicable Federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability, or sex. Missouri Medicare Select does not exclude people or treat them differently because of race, color, national origin, age, disability, or sex.

Missouri Medicare Select:

- Provides free aids and services to people with disabilities to communicate effectively with us, such as:
 - Qualified sign language interpreters
 - Written information in other formats (large print, audio, accessible electronic formats, other formats)
- Provides free language services to people whose primary language is not English, such as:
 - Qualified interpreters
 - Information written in other languages

If you need these services, contact our Compliance Officer.

If you believe that Missouri Medicare Select has failed to provide these services or discriminated in another way on the basis of race, color, national origin, age, disability, or sex, you can file a grievance with: Compliance Officer, Missouri Medicare Select, P.O. Box 5849 Glen Allen, VA 23058, phone 844-317-9059, TTY 711, fax 804-299-4059, compliance@missourimedicareselect.com. You can file a grievance in person or by mail, fax, or email. If you need help filing a grievance our Compliance Officer is available to help you.

You can also file a civil rights complaint with the U.S. Department of Health and Human Services, Office for Civil Rights, electronically through the Office for Civil Rights Complaint Portal, available at <https://ocrportal.hhs.gov/ocr/portal/lobby.jsf>, or by mail or phone at:

U.S. Department of Health and Human Services
200 Independence Avenue, SW
Room 509F, HHH Building
Washington, D.C. 20201
1-800-368-1019, 800-537-7697 (TDD)

Complaint forms are available at <http://www.hhs.gov/ocr/office/file/index.html>.
